

MARCH20-ACT01- DIALOGUE01

CHARACTERS: THE PROTAGONIST FRIDA ADO, THE
OPPONENT

During the battle, Frida's dual DNA is activated, plunging her into an unstable state. Amidst the chaos, her alter ego emerges - Chimera Frida.

CHIMERA FRIDA:

"Why must you always want me to wear this rubbish?"

FRIDA:

"Who... who are you?"

CHIMERA FRIDA:

"I am you. You forget yourself so easily but look at what you've become. A puppet dancing for the elites, trading your life for their amusement. Why do you want to waste your life and be trapped in this Colosseum? You're nothing but a pawn in their game."

Pain is tearing through Frida.

"Who... who are you? Get out of my body!"

THE OPPONENT:

"Who is that girl donning counterfeit Alexander McQueen butterfly wings? This stage isn't meant for you, Frida. You're well aware that you stand no chance against me."

The opponent does not pause when Frida is talking to herself. She is ready to give Frida the death blow. Something strange was growing out of her arm, which significantly altered her body and enhanced her attack.

THE OPPONENT:

"Goodbye Frida."

Chimera Frida

"Only me can save you. We are one, Frida. Embrace our power, strike her

down, and we shall be free."

Frida's heterochromatic pupils dilate, and after a moment of silence, they turned into red as bloody moon.

FRIDA & CHIMERA FRIDA &
 "You look so silly wearing that trash.

Bio-clothing? It looks like plastic wrap. Let me peel it off for you."

"My..My arm!! You are demon itself!
 I...I will rip out your heart and flay
 your skin in hell"

Frida and Chimera Frida peels off the wings of the model, along with the skins.

FRIDA & CHIMERA FRIDA
